Re: Proper Medical Care

Mr. Joyce,

I know you are aware of my Medical Condition. However, on June 13th I was transferred from Gander Hill (C.R.T.C.I) to Delaware Correctional Center. My Medical File and all my Medication's were transferred with me. I saw the nurse in booking & receiving we discussed my condition as she reviewed my file and I showed her my skin condition as it is getting extremely worse and she said I would see a Doctor no later than a couple of days. I waited two day with no results and me bleeding from scratching in my sleep, on the 15th, I notified Sgt. George who tried to get me to Medical, on the same day I notified Sgt. Little, who also spoke to a Lt, about my condition and still I never saw anybody. I continued trying every day on every shift and on June 18th, 06 I spoke to Captain Henry who looked at my skin and couldn't believe I hadn't seen a Doctor and advised me she wouldn't be back to work until Tuesday June 20th and "if" I hadn't been seen to let her know. As of June 19th, I spoke to Lt. Cerna about my Medical Condition and that Captain Henry was also aware, the Lt. took my information, said he would look into it and he would also E-Mail the Captain.

Upon my return from federal Court on June 20th at 1:30 p.m, I ask the Sgt. in booking if I could to the same Nurse I originally saw, at 1:45 P.M. she complied and I let her see how bad my

skin condition was, and about my medications of which she wrote down, I reminded her that my condition would get worse every day, she said she or another nurse would come to my housing area to take care of me, "nobody did." As I entered my housing area, Building 22 DL1 I spoke to another Sgt. and the legal advisor, the cgt. said he would notify Medical and the legal advisor said she would make a few calls on my behalf.

Today, June 20, 06, which is 7 days with with no medical attention or medication, and on June 21, 06 I had a hearing with your assistant and Scott Altman, I was assured I would have my Ultram changed to Oxycontin or Percocet 10's and also my follow up appointments with Dr. Panger (Dermatologist) and the Prosthetics Doctor would be looked into and he said he owed me alot of answers, I'm back to square 1, no treatment or medicine's.

I am in alot of pain and I would appreciate if you would personally insure my needs will be met immediately and do what is right, I can't take this pain much longer.
